#### **Purpose**

Hampden State School is committed to providing a safe, respectful and disciplined learning environment for all students, staff, parents and visitors. We aim to create a safe, cheerful and engaging community where every day, in every classroom, every student is learning and achieving by engaging in inclusive empowering lessons with knowledgeable and dedicated staff, all in a fun, caring and stimulating environment.

The Hampden State School Student Code of Conduct sets out the responsibilities and processes we use in our school to promote a productive, effective whole school approach to discipline.

Its purpose is to facilitate high standards of behaviour from all in the school community, ensuring learning and teaching in our school is prioritised, where all students are able to experience success and staff enjoy a safe workplace.

Hampden State School has four core values:

Be Safe

Be Responsible

Be Respectful

Be a Learner

These values have been used in the development of this Student Code of Conduct, with the aim of helping shape and build the skills of all our students to be confident, self-disciplined and kind young people. Our school staff believe that communication and positive connections with other people are the most valuable skills our communities need now and in the future.

# Consultation

Hampden State School Student Code of Conduct was developed in consultation with staff, students and the wider school community. Key stakeholders were given the opportunity to participate in discussion to identify strengths from the previous behaviour policy and provide ideas and suggestions of improvement. A signed copy of the Student Code of Conduct is publicly available on the school website, and is reviewed and updated annually to maintain currency and comprehensively reviewed every four years in line with cycles of the School Planning, Reviewing and Reporting Framework.

# Learning and Behaviour Statement

#### **About Learning:**

All staff and students at Hampden State School have the right to work and learn in a safe and supportive environment free from disruption, abuse or threat. Students are expected to actively promote and model our school's motto ... "Learning for Life". Our school strives to provide a learning environment where all students have the right to reach their potential, developing a sense of self-worth and self-discipline.

#### School Beliefs about Behaviour:

All members of the school community are expected to uphold and recognise the significance of appropriate and meaningful relationships. The Hampden State School Student Code of Conduct outlines a consistent standard of behaviour and has been developed to deliver the best possible outcomes for students, recognising the close relationship between learning, achievement and behaviour.

Staff at Hampden State School provide support and response strategies for students and implement expectations consistent with the Student Code of Conduct. Expected behaviours are explicitly taught by staff and students are provided with opportunities to practice these expected behaviours.

# **Student Wellbeing**

Hampden State School offers a range of programs and services to support the wellbeing of students in our school. We encourage parents and students to speak with their class teacher or make an appointment to meet with a member from our Student Support Team if they would like individual advice about accessing particular services.

Learning and wellbeing are inextricably linked — students learn best when their wellbeing is optimised, and they develop a strong sense of wellbeing when they experience success in learning. The <u>student learning and wellbeing framework</u> supports state schools with creating positive school cultures and embedding student wellbeing in all aspects of school life through connecting the learning environment, curriculum and pedagogy, policies, procedures and partnerships for learning and life.

#### **Curriculum and Pedagogy**

Schools build the foundations for wellbeing and lifelong learning through curriculum, embedding <u>personal and social capabilities</u> (self-awareness, self-management, social awareness and social management) in the implementation of the <u>P-12 curriculum</u>, <u>assessment and reporting framework</u>.

Schools acknowledge the positive impact that a meaningful relationship between teacher and students can have on students' academic and social outcomes. As part of the provision for whole school's curriculum at Hampden State School, we provide age-appropriate drug and alcohol education that reinforces public health and safety messages; as part of a broader sexuality and relationships education program; delivered by Life Education, provided to all Year 5 and 6 students.

#### **Policy and Expectations**

Within a school community there are specific health and wellbeing issues that will need to be addressed for the whole school or specific students.

#### **Drug Education and Intervention**

Hampden State School implements drug intervention measures for students involved in drug-related incidents at school, during school activities or while in school uniform. This is managed to protect the health and safety of the student/s involved, other students, school staff and the wider community.

#### **Specialised Health Needs**

Hampden State School works closely with parents to ensure students with specialised health needs, including those requiring specialised health procedures, have access to a reasonable standard of support for their health needs whilst attending school or school-based activities.

This means that appropriate health plans are developed and followed for students with specialised health needs, that staff are aware of the student's medical condition and that an appropriate number of staff have been trained to support the student's health condition.

#### Medications

Hampden State School requires parent consent and medical authorisation to administer any medication (including over-the-counter medications) to students. For students requiring medication to be administered during school hours, the school can provide further information and relevant forms.

For students with a long-term health condition requiring medication, parents need to provide the school with a <u>Request to administer medication at school</u> form signed by the prescribing health practitioner.

Hampden State School maintains a minimum of one adrenaline auto-injector and asthma reliever/puffer, stored in the school's/campus first aid kit to provide emergency first aid medication if required.

#### Mental Health

Hampden State School implements early intervention measures and treatments for students where there is reasonable belief that a student has a mental health difficulty. This includes facilitating the development, implementation and periodic review of a <a href="Student Plan">Student Plan</a>.

#### **Suicide Prevention**

Hampden State School staff who notice suicide warning signs in a student should seek help immediately from the school guidance officer, senior guidance officer or other appropriate staff.

When dealing with a mental health crisis, schools call 000 when there is an imminent threat to the safety of student in the first instance, and where necessary, provide first aid. In all other situations, Hampden State School staff follow suicide intervention and prevention advice by ensuring:

- the student is not left alone
- their safety and the safety of other students and staff is maintained
- students receive appropriate support immediately
- parents are advised
- all actions are documented and reported.

#### **Suicide Postvention**

In the case of a suicide of a student that has not occurred on school grounds, Hampden State School enacts a postvention response, by communicating with the family of the student and ensuring immediate support is provided to students and staff who may be affected.

Where a suicide has occurred on school grounds or at a school event, Hampden State School staff immediately enact the School Emergency Management Plan and communicate with the family of the student and ensure immediate support is provided to students and staff who may be affected.

# **Student Support Network**

Hampden State School is proud to have a comprehensive Student Support Network in place to help the social, emotional and physical wellbeing of every student. In addition to the assistance provided by class teachers, we have a team of professionals whose dedicated roles are to help ensure our school is an inclusive, nurturing environment.

Students can approach any trusted school staff member at Hampden State School to seek assistance or advice. If they are unable to assist they will provide guidance and help ensure the student is connected to the appropriate representative of the Student Support Network.

Parents who would like more information about the student support roles and responsibilities are invited to contact the principal, Judy Vidulich on the school phone number.

Role	What they do		
Principal	<ul> <li>leadership of Student Support Network to promote an inclusive, positive school culture</li> <li>monitors attendance, behaviour and academic data to identify areas of additional need.</li> </ul>		
Guidance Officer	<ul> <li>works with Student Support Team to provide student support programs within the school environment and may offer counselling with students on a one-on-one basis or in a group setting</li> <li>may assist students with specific difficulties, acting as a mediator or providing information on other life skills</li> <li>liaises with parents, teachers, or other external health providers as needed as part of the counselling process.</li> </ul>		
Support Teacher: Literacy & Numeracy	Work with school teams to effectively develop, implement, monitor, assess and evaluate; differentiated, focussed and individualised learning programs.		
Diverse Learning Teacher	<ul> <li>Work with school teams to effectively develop, implement and monitor individualised programs and plans</li> <li>increase student access to learning through reducing barriers and implementing inclusionary practices</li> <li>liaises with parents, teachers and other external health providers as needed for personalised plans.</li> </ul>		

Role	What they do		
Registered Nurse	<ul> <li>works with school staff to build their competence and confidence to safely manage procedures and interventions required by students with specialised health needs</li> <li>provides assessment, health management planning, training and ongoing support and supervision for students with specialised health needs.</li> </ul>		
Classroom Teachers & Teacher Aides	<ul> <li>responsible for student welfare at each year level</li> <li>provides continuity of contact for students and their families through the seven years of schooling</li> <li>ensures students feel safe and comfortable and want to come to school</li> <li>nurtures a sense of belonging to the year level and school.</li> </ul>		

It is also important for students and parents to understand there are regional and state-wide support services also available to supplement the school network. These include Principal Advisor Student Protection, Mental Health Coach, Autism Coach, Inclusion Coach, Success Coach, Advisory Visiting Teachers and Senior Guidance Officers. For more information about these services and their roles, please speak with the principal, Judy Vidulich.

# Whole School Approach to Discipline

Hampden State School uses a whole-school approach to discipline, used in all classrooms and programs offered through the school, including sporting activities and excursions.

At Hampden State School we believe discipline is a word that reflects our belief that student behaviour is a part of the overall teaching and learning approach in our school. Our staff take responsibility for making their expectations clear, for providing supportive instruction about how to meet these expectations and strive to use behavioural incidents as opportunities to re-teach.

The development of the Hampden State School Student Code of Conduct is an opportunity to explain the school's four core values with parents and students, and gain their support to implement a consistent approach to teaching behaviour. The language and expectations of these four core values can be used in any environment, including the home setting for students. Doing everything we can do to set students up for success is a shared goal of every parent and school staff member.

Staff play a vital role in creating and maintaining supportive and safe learning environments. Staff at Hampden State School value collaborative relationships with parents/carers and community representatives.

A productive and inclusive learning environment is provided at Hampden State School to engage and support all students using inclusive strategies. Effective classroom management strategies promote student responsibility for learning. Proactive approaches are used to promote focused and productive learning environments for all students.

Hampden State School maintains student safety through a range of wellbeing policies and safe work practices which are evaluated regularly. Staff implement a range of behaviour management initiatives and staff are provided opportunities through professional development to broaden their range of strategies.

OneSchool records are used to document how students are supported at school. Depending on the needs of the individual student, and the intent of the plan, a Student Plan is comprised of various components. A student plan may consist of one or more of the following: Personalised Learning, Individual Curriculum Plan, Health Management, and/or Support Provisions. Behaviour incidents are recorded on OneSchool.

Any students or parents who have questions or would like to discuss the Student Code of Conduct are encouraged to speak with the class teacher or make an appointment to meet with the principal.

# **Whole School Expectations**

Our staff are committed to delivering a high quality of education for every student, and believe all adults in the school, whether visiting or working, should meet the same Whole School expectations in place for students - **Be Safe**, **Be Responsible**, **Be Respectful**, **Be a Learner**.

#### **Students**

The table below are examples of what Whole School expectations look like for students across the school.

# **School Wide Positive Behaviour Expectations**

EVERY DAY, IN EVERY	BE	BE	BE	BE
CLASSROOM,	CAFE	DECDONOLD	DECREATELL	ALEADNED
EVERY STUDENTS IS LEARNING AND	SAFE	RESPONSIBLE	RESPECTFUL	A LEARNER
ACHIEVING.				
ALL AREAS	I use the HIGH 5 I use appropriate hygiene practices I report safety concerns I wear appropriate footwear with tied laces I stay in the school grounds I report safety concerns	<ul> <li>I take responsibility for my actions</li> <li>I stop immediately when the bell goes</li> <li>I wear my school uniform with pride</li> <li>I cooperate with others</li> <li>I use the HIGH 5 to make smart choices</li> <li>I always use equipment correctly</li> </ul>	<ul> <li>I am tolerant of others and respect peoples differences</li> <li>I respect others property</li> <li>I greet people politely, sincerely and use my manners</li> <li>I cooperate with others</li> <li>I speak respectfully to everyone</li> </ul>	<ul> <li>I am here to learn</li> <li>I always try my best</li> <li>I am willing to learn new games and activities</li> <li>I am a problem solver and a team player</li> <li>I report damages or injuries</li> <li>I always give 100% effort</li> </ul>
CLASSROOM	I follow classroom rules and expectations I obey fire and lockdown procedures I report damages and injuries I put away all equipment I close my bag and keep it in the port racks	I take responsibility for my learning I am always prepared for learning I wait my turn to speak I finish my work on time I make good use of my learning time I am an independent learner I look after all of my belongings I am always on time for class	I cooperate with others I ask for permission to leave the classroom for a drink or toilet break I listen to staff and classmates I respect others rights to learn I raise my hand before speaking I respect all school property I contribute positively to all classroom activities	I ask questions if I don't understand I take feedback from my teacher positively I am always on time and ready to learn I always have a go and learn from my mistakes I use whole body listening with all staff and classmates I challenge myself to improve I follow classroom rules and routines
PLAYGROUND	<ul> <li>I walk on concrete</li> <li>I always wear a hat</li> <li>I keep my hands, feet and objects to myself</li> <li>I am sun smart</li> <li>I play non-contact sports</li> <li>I always play by the rules</li> </ul>	I get staff help if needed I use equipment for intended purpose I return sports equipment that I have borrowed I use the HIGH 5 to solve problems in the playground I leave sticks and stones alone	<ul> <li>I play fairly – take turns, include others and follow the rules</li> <li>I look out for others</li> <li>I follow directions/instructions from playground duty staff</li> <li>I'm mindful of how my words affect others</li> </ul>	<ul> <li>I can learn new games</li> <li>I know rough play is unsafe</li> <li>I know climbing trees is unsafe</li> <li>I return to the class promptly when the bell signals the end of play</li> </ul>
EATING	<ul> <li>I only eat my food</li> <li>I eat with clean hands</li> <li>I sit while I am eating</li> </ul>	I make healthy lunch choices I zip my lunchbox up and put it in the correct place I clean up any mess I make	<ul> <li>I place my rubbish in the bin</li> <li>I wait to be let go before I start playing</li> <li>I respect other peoples lunch</li> <li>I ask for permission to leave the area for a drink or toilet break</li> </ul>	I make sure I have eaten and I'm ready for learning when the bell goes
TOILET	<ul> <li>I wash my hands</li> <li>I do not play in the toilets</li> <li>I keep the toilets clean</li> </ul>	<ul> <li>I only go to the toilet at lunchtimes</li> <li>I report any problems</li> <li>I return to class promptly after toilet use</li> </ul>	I flush the toilet after use     I respect others privacy	<ul> <li>I use toilets appropriately</li> <li>I put soiled paper in the toilet</li> <li>I go to the toilet in my break times</li> </ul>
ONLINE TECHNOLOGY	<ul><li>I use devices with permission</li><li>I practise cyber safety</li></ul>	I look after devices and ensure they are returned to the correct area and charged	I choose appropriate and efficient sites for my learning	I use effective online search skills     I use technology for learning

#### **Parents and Staff**

The table below explains the expectations for parents when visiting our school and the standards we commit to as staff.

	What we expect to see from you	What you can expect from us	
Be Responsible	You respect the obligation of staff to maintain student and family privacy.	We will maintain confidentiality about information relating to your child and family.	
	You ensure your children attend school every day and notify the school promptly of any absences or changes in contact details.	We will create a safe, supportive and inclusive environment for every student.	
	You recognise people are different and will be non-judgemental, fair and equitable to others in the school community.	We will welcome and celebrate a diverse school community with recognition of significant social, cultural and historical events.	
Be Respectful	You make an appointment to speak with the class teacher or principal to discuss any matters relating to your child.	We will respond as soon as practicable to your request for an appointment and negotiate a mutually agreeable date and time with you.	
	You are respectful in your conversations at home about school staff.	We will ensure positive behaviours are role modelled for all students.	
	You share relevant information about your child's learning, social and behavioural needs with school staff.	We will share relevant information with you about your child's learning, social and behavioural progress at school.	
	You respect school, student and staff privacy in your online communications.	We will act quickly to address social media issues that affect staff, students or families.	
	You seek out opportunities to provide positive feedback to the classroom teacher about their work with the class, a student or colleagues.	We will work closely with families to accommodate their personal needs, including work commitments, finances and family structure.	
	You help your child to see the strengths and benefits in diversity and difference in their classmates.	We will promote every child's individuality and build a cohesive, inclusive classroom and school culture.	
	You notice when others need help, parents, staff and students, and ask if there is anything you do to assist.	We will check in with you about your child's needs or any support your family may require.	
Be A Learner	You support your child to meet the learning and behavioural expectations at school.	We are clear about our learning and behavioural expectations, and contact you to provide regular feedback about your child's progress.	
	You stay informed about school news and activities by reading the school newsletter and other materials sent home by school staff.	We will use the electronic school newsletter and school email group as the primary means of notifying parents about school news, excursions or events.	
	You approach the class teacher or principal if you are concerned about the behaviour of a staff member, another student or parent.	We will work with every family to quickly address any complaints or concerns about the behaviour of staff, students or other parents.	
	You take a positive, solution-focused approach to resolving complaints.	We will nominate a contact person for you to work with to resolve a school related complaint.	

#### **Consideration of Individual Circumstances**

Staff at Hampden State School take into account students' individual circumstances, such as their behaviour history, disability, mental health and wellbeing, religious and cultural considerations, home environment and care arrangements when teaching expectations, responding to inappropriate behaviour or applying a disciplinary consequence.

In considering the individual circumstances of each student, we recognise that the way we teach, the support we provide and the way we respond to students will differ. This reflects the principle of equality, where every student is given the support they need to be successful. This also means that not everyone will be treated the same, because treating everyone the same is not fair. For example, some students need additional support to interpret or understand an expectation. Others may benefit from more opportunities to practise a required skill or behaviour. For a small number of students, the use of certain disciplinary consequences may be considered inappropriate or ineffective due to complex trauma or family circumstances. These are all matters that our teachers and principal consider with each individual student in both the instruction of behaviour and the response to behaviour.

Our teachers are also obliged by law to respect and protect the privacy of individual students, so while we understand the interest of other students, staff and parents to know what punishment another student might have received, we will not disclose or discuss this information with anyone but the student's family. This applies even if the behavioural incident, such as bullying, involves your child. You can be assured that school staff take all matters, such as bullying, very seriously and will address them appropriately. We expect that parents and students will respect the privacy of other students and families.

If you have concerns about the behaviour of another student at the school, or the way our staff have responded to their behaviour, please make an appointment with the principal to discuss the matter.

# **Differentiated and Explicit Teaching**

Hampden State School is a disciplined school environment that provides differentiated teaching to respond to the learning needs of all students. This involves teaching expected behaviours and providing opportunities for students to practise these behaviours. Teachers reinforce expected behaviours, provide feedback and correction, and opportunities for practise.

Teachers at Hampden State School vary what students are taught, how they are taught and how students can demonstrate what they know as part of this differentiated approach to behaviour. These decisions about differentiation are made in response to data and day-to-day monitoring that indicates the behavioural learning needs of students. This enables our teachers to purposefully plan a variety of ways to engage students; assist them to achieve the expected learning; and to demonstrate their learning.

There are three main layers to differentiation, as illustrated in the diagram below. This model is the same used for academic and pedagogical differentiation. Each layer provides progressively more personalised supports for students.

Differentiation occurs at each layer and becomes increasingly personalised

Differentiated and explicit teaching: for all students

Focused teaching: for identified students

Intensive teaching: for a small number of students

Differentiated and explicit teaching is for all students. Whole school behaviour expectations are taught to all students during regular classroom lessons, as well as reinforced during weekly parades, in school newsletters, during day-to-day school activities and displayed as posters in school buildings accessible by students, staff and parents.

# **Focused Teaching**

Approximately 15% of all students in any school or classroom may require additional support to meet behaviour expectations, even after being provided with differentiated and explicit teaching. These students may have difficulty meeting behavioural expectations in a particular period of the day or as part of a learning area/subject, and focused teaching is provided to help them achieve success.

Focused teaching involves revisiting key behavioural concepts and/or skills and using explicit and structured teaching strategies in particular aspects of a behaviour skill. Focused teaching provides students with more opportunities to practise skills and multiple opportunities to achieve the intended learning and expected behaviour.

Support staff, including teachers with specialist expertise in learning, language or development, work collaboratively with class teachers at Hampden State School to provide focused teaching. Focused teaching is aligned to the School-Wide Expectations Matrix, and student progress is monitored by the classroom teacher/s to identify those who:

- no longer require the additional support
- require ongoing focussed teaching
- require intensive teaching.

# **Intensive Teaching**

Research evidence shows that even in an effective, well-functioning school there will always be approximately 5% of the student population who require intensive teaching to achieve behavioural expectations. Intensive teaching involves frequent and explicit instruction, with individuals or in small groups, to develop mastery of basic behavioural concepts, skills and knowledge.

Some students may require intensive teaching for a short period, for particular behaviour skills. Other students may require intensive teaching for a more prolonged period. Decisions about the approach will be made based on data collected from their teacher or teachers, and following consultation with the student's family.

For a small number of students who continue to display behaviours that are deemed complex and challenging, then individualised, function-based behaviour assessment and support plans and multi-agency collaboration may be provided to support the student. This approach will seek to address the acute impact of barriers to learning and participation faced by students who are negotiating a number of complex personal issues.

# Legislative Delegations

#### Legislation

In this section of the Hampden State School Student Code of Conduct are links to legislation which influences form and content of Queensland state school discipline procedures.

- Anti-Discrimination Act 1991 (Qld)
- Child Protection Act 1999 (Qld)
- Commonwealth Disability Discrimination Act 1992
- Commonwealth Disability Standards for Education 2005
- Criminal Code Act 1899 (Qld)
- Education (General Provisions) Act 2006
- Education (General Provisions) Regulation 2017
- Human Rights Act 2019 (Qld)
- Information Privacy Act 2009 (Qld)
- Judicial Review Act 1991 (Qld)
- Right to Information Act 2009 (Qld)
- Police Powers and Responsibilities Act 2000 (Qld)
- Workplace Health and Safety Act 2011 (Qld)
- Workplace Health and Safety Regulation 2011 (Cwth)

# **Delegations**

Under the Education (General Provisions) Act 2006, state school principals are responsible for "controlling and regulating student discipline in the school".

Principals are afforded a number of **non-delegable powers** to assist them to meet this obligation, including the authority to suspend, exclude or cancel the enrolment of a student at the school. These decision-making responsibilities cannot be delegated to other staff in the school, such as deputy principals.

The details of these responsibilities are outlined in the legislative instruments of delegation and instruments of authorisation provided below:

- Education (General Provisions) Act 2006 Director-General's delegations
- Education (General Provisions) Act 2006 Minister's delegations
- Education (General Provisions) Act 2006 Director-General's authorisations
- Education (General Provisions) Regulation 2006 Minister's delegations
- Education (General Provisions) Regulation 2017 Director-General's delegations

# Disciplinary Consequences

The disciplinary consequences model used at Hampden State School follows the same differentiated approach used in the proactive teaching and support of student behavioural expectations.

The majority of students will be confident and capable of meeting established expectations that are clear, explicitly taught and practised. In-class corrective feedback and rule reminders may be used by teachers to respond to low-level or minor problem behaviours.

Some students will need additional support, time and opportunities to practise expected behaviours. Approximately 15% of the student population may experience difficulty with meeting the stated expectations, and even with focussed teaching, in-class corrective feedback and rule reminders continue to display low-level problem behaviour. A continued pattern of low-level behaviour can interfere with teaching and learning for the whole class, and a decision may be needed by the class teacher to refer the student to the school administration team immediately for determination of a disciplinary consequence.

For a small number of students, approximately 2-5%, a high level of differentiated support or intensive teaching is required to enable them to meet the behavioural expectations. This may be needed throughout the school year on a continuous basis. The determination of the need will be made by the principal in consultation with staff and other relevant stakeholders. On occasion the behaviour of a student may be so serious, such as causing harm to other students or to staff, that the principal may determine that an out of school suspension or exclusion is necessary as a consequence for the student's behaviour. Usually this course of action is only taken when the behaviour is either so serious as to warrant immediate removal of the student for the safety of others, and no other alternative discipline strategy is considered sufficient to deal with the problem behaviour.

The differentiated responses to problem behaviour can be organised into three tiers, with increasing intensity of support and consequences to address behaviour that endangers others or causes major, ongoing interference with class or school operations.

#### Differentiated

Class teacher provides in-class or in-school disciplinary responses to low-level or minor problem behaviour. This may include:

- Pre-correction (e.g. "Remember, walk quietly to your seat")
- Use of Essential Skills for Classroom Management ESCM
- High 5 Hampden State School Strategy
- Zones of Regulation
- Berry St Educational model Curriculum & Classroom Strategies.
- Non-verbal and visual cues (e.g. posters, hand gestures)
- Whole class practising of routines
- Corrective feedback (e.g. "Hand up when you want to ask a question")
- Rule reminders (e.g. "When the bell goes, stay seated until I dismiss you")
- Explicit behavioural instructions (e.g. "Pick up your pencil")
- Proximity control
- Tactical ignoring of inappropriate behaviour (not student)

- Revised seating plan and relocation of student/s
- Individual positive reinforcement for appropriate behaviour
- Class wide incentives
- Reminders of incentives or class goals
- Redirection
- Low voice and tone for individual instructions
- Give 30 second 'take-up' time for student/s to process instruction/s
- Reduce verbal language
- Break down tasks into smaller chunks
- Provide positive choice of task order (e.g. "Which one do you want to start with?")
- Prompt student to take a break or time away in class
- Model appropriate language, problem solving and verbalise thinking process (e.g. "I'm not sure what is the next step, who can help me?")
- Provide demonstration of expected behaviour
- Peer consequence (e.g. corrective feedback to influential peer demonstrating same problem behaviour)
- Private discussion with student about expected behaviour
- Reprimand for inappropriate behaviour
- Warning of more serious consequences (e.g. removal from classroom)
- Detention.

#### **Focussed**

Class teacher is supported by other school-based staff to address in-class problem behaviour. This may include:

- Functional Behaviour Assessment
- Zones of Regulation
- Berry St Educational model Strategies
- Individual student behaviour support strategies (e.g. Student behaviour plan)
- Targeted skills teaching in small group
- Token / Stickers economy
- Detention
- Behavioural contract
- Counselling and guidance support
- Self-monitoring plan
- Check in Check Out strategy
- Teacher coaching and debriefing
- Referral to Student Support Network for team based problem solving
- Stakeholder meeting with parents and external agencies.

#### Intensive

School leadership team work in consultation with Student Support Network to address persistent or ongoing serious problem behaviour. This may include:

- Functional Behaviour Assessment based individual support plan
- Complex case management and review
- Stakeholder meeting with parents and external agencies including regional specialists
- Temporary removal of student property (e.g. mobile phone)
- Short term suspension (up to 10 school days)
- Long term suspension (up to 20 school days)

- Charge related suspension (student has been charged with a serious criminal offence is suspended from school until the charge has been dealt with by the relevant justice authorities)
- Suspension pending exclusion (student is suspended from school pending a decision by the Director-General or delegate (principal) about their exclusion from school)
- Exclusion (student is excluded from a particular state school site, a group of state schools or all state schools in Queensland for a defined period of time or permanently)
- Cancellation of enrolment for students older than compulsory school age who
  refuse to participate in the educational program provided at the school.

# **School Disciplinary Absences**

A School Disciplinary Absence (SDA) is an enforced period of absence from attending a Queensland state school, applied by the Principal as a consequence to address poor student behaviour. There are four types of SDA:

- Short suspension (1 to 10 school days)
- Long suspension (11 to 20 school days)
- Charge-related suspension
- Exclusion (period of not more than one year or permanently).

At Hampden State School, the use of any SDA is considered a very serious decision. It is typically only used by the Principal when other options have been exhausted or the student's behaviour is so dangerous that continued attendance at the school is considered a risk to the safety or wellbeing of the school community.

Parents and students may appeal a long suspension, charge-related suspension or exclusion decision. A review will be conducted by the Director-General or their delegate, and a decision made within 40 schools days to confirm, amend/vary or set aside the original SDA decision by the Principal.

The appeal process is a thorough review of all documentation associated with the SDA decision and provides an opportunity for both the school and the family to present their case in the matter. Time is afforded for collection, dissemination and response to the materials by both the school and the family. It is important that the purpose of the appeal is understood so that expectations are clear, and appropriate supports are in place to ensure students can continue to access their education while completing their SDA.

# Re-Entry Following Suspension

Students who are suspended from Hampden State School may be invited to attend a reentry meeting on the day of their scheduled return to school. The main purpose of this meeting is to welcome the student, with their parent/s, back to the school. It is **not a time** to review the student's behaviour or the decision to suspend, the student has already received a punishment through their disciplinary absence from school. The aim of the reentry meeting is for school staff to set the student up for future success and strengthen home-school communication.

It is not mandatory for the student or their parents to attend a re-entry meeting. It may be offered as a support for the student to assist in their successful re-engagement in school following suspension.

#### **Arrangements**

The invitation to attend the re-entry meeting will be communicated via telephone and in writing, usually via email. Re-entry meetings are short, taking less than 10 minutes, and kept small with only the Principal or their delegate attending with the student and their parent/s.

A record of the meeting is saved in OneSchool, under the Contact tab, including any notes or discussions occurring during the meeting.

#### **Structure**

The structure of the re-entry meeting should follow a set agenda, shared in advance with the student and their family. If additional items are raised for discussion, a separate arrangement should be made to meet with the parent/s at a later date and time. This meeting should be narrowly focussed on making the student and their family feel welcome back into the school community.

#### Possible agenda:

- Welcome back to school
- Check in on student wellbeing
- Discuss any recent changes to school routine or staffing
- Offer information about supports available (e.g. guidance officer)
- Set a date for follow-up
- Thank student and parent/s for attending
- Walk with student to classroom.

# **Reasonable Adjustments**

In planning the re-entry meeting, school staff will consider reasonable adjustments needed to support the attendance and engagement of the student. This includes selecting an appropriate and accessible meeting space, organising translation or interpretation services or supports (e.g. AUSLAN), provision of written and/or pictorial information and other relevant accommodations. The inclusion of support staff, such as guidance officers or Community Education Counsellors, may also offer important advice to ensure a successful outcome to the re-entry meeting.

#### **School Policies**

Hampden State School has tailored school discipline policies designed to ensure students, staff and visitors work cooperatively to create and maintain a supportive and safe learning environment. Please ensure that you familiarise yourself with the responsibilities for students, staff and visitors outlined in the following policies:

- Temporary removal of student property
- Use of mobile phones and other devices by students
- Preventing and responding to bullying
- Appropriate use of social media.

# **Temporary Removal of Student Property**

The removal of any property in a student's possession may be necessary to promote the caring, safe and supportive learning environment of the school, to maintain and foster mutual respect between all state school staff and students. The <u>Temporary removal of student property by school staff procedure</u> outlines the processes, conditions and responsibilities for state school principals and school staff when temporarily removing student property.

In determining what constitutes a reasonable time to retain student property, the principal or state school staff will consider:

- the condition, nature or value of the property
- the circumstances in which the property was removed
- the safety of the student from whom the property was removed, other students or staff members
- good management, administration and control of the school.

The Principal or state school staff determine when the temporarily removed student property can be returned, unless the property has been handed to the Queensland Police Service.

The following items are explicitly prohibited at Hampden State School and will be removed if found in a student's possession:

- illegal items or weapons (e.g. guns, knives\*, throwing stars, brass knuckles, chains)
- imitation guns or weapons
- potentially dangerous items (e.g. blades, rope)
- drugs\*\* (including tobacco)
- alcohol
- aerosol deodorants or cans (including spray paint)
- explosives (e.g. fireworks, flares, sparklers)
- flammable solids or liquids (e.g. fire starters, mothballs, lighters)
- poisons (e.g. weed killer, insecticides)
- inaproppriate or offensive material (e.g. racist literature, pornography, extremist propaganda).

<sup>\*</sup> No knives of any type are allowed at school, including flick knives, ballistic knives, sheath knives, push daggers, trench knives, butterfly knives, star knives, butter knives, fruit knives or craft knives, or any item that can be used as a weapon, for example a chisel.

Knives needed for school activities will be provided by the school, and the use of them will be supervised by school staff. In circumstances where students are required to have their own knives or sharp tools for particular subjects or vocational courses, the school will provide information about the procedures for carrying and storing these items at school.

\*\* The administration of medications to students by school staff is only considered when a prescribing health practitioner has determined that it is necessary or when there is no other alternative in relation to the treatment of a specific health need. Schools require medical authorisation to administer any medication to students (including over-the-counter medications such as paracetamol or alternative medicines).

#### Responsibilities

#### **Staff at Hampden State School:**

- do not require the student's consent to search school property such as lockers, desks
  or laptops that are supplied to the student through the school;
- may seize a student's bag where there is suspicion that the student has a dangerous item (for example, a knife) in their school bag, prior to seeking consent to search from a parent or calling the police;
- require consent from the student or parent to examine or otherwise deal with the temporarily removed student property. For example, staff who temporarily remove a mobile phone from a student are not authorised to unlock the phone or to read, copy or delete messages stored on the phone;
- may, in emergency circumstances, search a student's property without the student's consent or the consent of the student's parents (e.g. to access an EpiPen for an anaphylactic emergency);
- require consent from the student or parent to search the person of a student (e.g. pockets or shoes). If consent is not provided and a search is considered necessary, the police and the student's parents should be called to make such a determination.

# Parents of Students at Hampden State School

- will ensure your children do not bring property onto schools grounds or other settings used by the school (e.g. camp, sporting venues) that:
  - is prohibited according to the Hampden State School Student Code of Conduct
  - is illegal
  - o puts the safety or wellbeing of others at risk
  - does not preserve a caring, safe, supportive or productive learning environment
  - does not maintain and foster mutual respect;
- will collect temporarily removed student property as soon as possible after they have been notified by the Principal or state school staff that the property is available for collection.

# Students of Hampden State School

- will not bring property onto school grounds or other settings used by the school (e.g. camp, sporting venues) that:
  - o is prohibited according to the Hampden State School Code of Conduct
  - o is illegal
  - o puts the safety or wellbeing of others at risk
  - does not preserve a caring, safe, supportive or productive learning environment
  - does not maintain and foster mutual respect;
- will collect their property as soon as possible when advised by the Principal or state school staff it is available for collection.

# **Use of Mobile Phones and Other Devices by Students**

Digital literacy refers to the skills needed to live, learn and work in a society where communication and access to information is dominated by digital technologies like mobile phones. However, the benefits brought about through these diverse technologies can be easily overshadowed by deliberate misuse which harms others or disrupts learning.

#### Responsibilities

The responsibilities for students using mobile devices at school or during school activities, are outlined below.

It is **acceptable** for students at Hampden State School to:

- use school mobile devices for
  - o assigned class work and assignments set by teachers
  - o developing appropriate literacy, communication and information skills
  - authoring text, artwork, audio and visual material for publication on the intranet or internet for educational purposes as supervised and approved by the school
  - conducting general research for school activities and projects
  - communicating or collaborating with other students, teachers, parents or experts in relation to school work
  - o accessing online references such as dictionaries, encyclopaedias, etc.
  - researching and learning through the department's eLearning environment
- be courteous, considerate and respectful of others when using a mobile device
- seek teacher's approval where they wish to use a mobile device under special circumstances.

It is **unacceptable** for students at Hampden State School to:

- use a personal mobile phone or other personal devices\* at school, unless approved by principal. All student personal mobile devices are to be handed into the school office immediately upon arrival at school and collected from office at the end of the school day. If students are found in possession of such devices, they will be confiscated by school staff and may be collected by the student's parents/carers from the school office. Breaches of this prohibition may result in disciplinary consequences.
- use a personal mobile phone or other personal devices at school in an unlawful manner.
- download, distribute or publish offensive messages or pictures using mobile device
- use obscene, inflammatory, racist, discriminatory or derogatory language on mobile device
- use language and/or threats of violence that may amount to bullying and/or harassment, or even stalking on mobile device
- insult, harass or attack others or use obscene or abusive language on mobile device
- deliberately waste printing and internet resources
- damage computers, printers or network equipment
- commit plagiarism or violate copyright laws
- ignore teacher directions for the use of social media, online email and internet chat
- send chain letters or spam email (junk mail)
- knowingly download viruses or any other programs capable of breaching the department's network security

- use in-phone cameras anywhere a normal camera would be considered inappropriate, such as in change rooms or toilets
- invade someone's privacy by recording personal conversations or daily activities and/or the further distribution (e.g. forwarding, texting, uploading, Bluetooth use etc.) of such material
- use a mobile phone (including those with Bluetooth functionality) to cheat during exams or assessments
- take into or use mobile devices at exams or during class assessment unless expressly permitted by school staff.

At all times students, while using ICT facilities and devices supplied by the school, will be required to act in line with the requirements of the Hampden State School Student Code of Conduct. In addition students and their parents should:

- understand the responsibility and behaviour requirements (as outlined by the school) that come with accessing the department's ICT network facilities
- ensure they have the skills to report and discontinue access to harmful information if presented via the internet or email
- be aware that:
  - access to ICT facilities and devices provides valuable learning experiences for students and supports the school's teaching and learning programs
  - the school is not responsible for safeguarding information stored by students on departmentally-owned student computers or mobile devices
  - schools may remotely access departmentally-owned student computers or mobile devices for management purposes
  - students who use a school's ICT facilities and devices in a manner that is not appropriate may be subject to disciplinary action by the school, which could include restricting network access
  - despite internal departmental controls to manage content on the internet, illegal, dangerous or offensive information may be accessed or accidentally displayed
  - teachers will always exercise their duty of care, but avoiding or reducing access to harmful information also requires responsible use by the student.

# The Use of Personal Technology Devices\* at School

# Personal Technology Device Etiquette

Bringing personal technology devices to school is not encouraged because of the potential for theft and general distraction and/or disruption associated with them. However, if they are brought to school, they must be turned off and taken to the school office so they are out of sight. Personal technology devices may only be used without staff permission once a student has left the school grounds.

#### **Recording Voice and Images**

Every member of the school community should feel confident about participating fully and frankly in all aspects of school life without concern that their personal privacy is being invaded by them being recorded without their knowledge or consent.

We uphold the value of trust and the right to privacy at Hampden State School. Students using personal technology devices to record inappropriate behaviours or incidents (such as vandalism, fighting, bullying, staged fighting or pranks etc) for any purpose including the dissemination among the student body or outside the school, by any means (including distribution by phone or internet posting) are unacceptably contributing to a culture of distrust and disharmony.

Students must not record images anywhere that recording would reasonably be considered inappropriate (e.g. in change rooms, toilets or any other place where a reasonable person would expect to be afforded privacy).

Recording of events in class is not permitted unless express consent is provided by the class teacher.

A student at school who uses a personal technology device to record private conversations, ordinary school activities (apart from social functions like graduation ceremonies) or violent, illegal or embarrassing matter capable of bringing the school into public disrepute is considered to be in breach of this policy.

Even where consent is obtained for such recording, the school will not tolerate images or sound captured by personal technology devices on the school premises or elsewhere being disseminated to others, if it is done for the purpose of causing embarrassment to individuals or the school, for the purpose of bullying<sup>1</sup> or harassment, including racial and sexual harassment, or where without such intent a reasonable person would conclude that such outcomes may have or will occur.

#### Students Involved in:

- recording; and/or
- disseminating material (through text messaging, display, internet uploading etc); and/or,
- knowingly being a subject of a recording ...

are in breach of this policy and may be subject to discipline (including suspension and recommendation for exclusion).

Students should note that the recording or dissemination of images that are considered indecent (such as nudity or sexual acts involving children), is against the law and if detected by the school will result in a referral to Qld Police Service (QPS).

#### **Text Communication**

The sending of text messages that contain obscene language, name calling and/or threats may amount to bullying, harassment and/or stalking, and will subject the sender to discipline and possible referral to Queensland Police Service (QPS). Students receiving such text messages at school, should ensure they keep the message as evidence and bring the matter to the attention of the school office.

#### Confiscation

Permitted personal technology devices used contrary to this policy on school premises will be confiscated by school staff. They will be made available for collection from the school office by parents/carers, unless required to be kept for purposes of Police and/or disciplinary investigation, when devices will only be returned to parents.

Devices potentially containing evidence of criminal offences will be reported to the police. In such cases police may take possession of such devices for investigation purposes and students and parents will be advised to contact Queensland Police Service (QPS) directly.

# Recording Private Conversations and the *Invasion of Privacy Act* 1971

It is important that all members of the school community understand that under the *Invasion of Privacy Act 1971*, 'a person is guilty of an offence against this Act if the person uses a listening device to overhear, record, monitor or listen to a private conversation'. It is also an offence under the Act for a person who has overheard, recorded, monitored or listened to a conversation to which s/he is not a party to publish or communicate the substance or meaning of the conversation to others.

Students need to understand that some conversations are private and therefore to overhear, record, monitor or listen to such private conversations may be in breach of this Act, unless consent to the recording is appropriately obtained.

#### **Special Circumstances Arrangement**

Students who require the use of a personal technology device in circumstances that would contravene this policy (for example to assist with a medical condition or other disability or for a special project) should negotiate a special circumstances arrangement with the Principal.

# **Responsibility Outside School Hours**

Students who use Personal Technology Devices outside of school hours such that there is a negative impact on others in the school community, are considered to have negatively affected the good order and management of the school.

\* Personal Technology Devices includes, but is not limited to, games devices such as Portable gaming devices, Tamagotchis®, laptop computers, Ipads, Tablets, PDAs, Blackberrys®, cameras and/or voice recording devices (whether or not integrated with a mobile phone or MP3 player), mobile telephones, IPods® digital watches and devices of a similar nature.

# **Preventing and Responding To Bullying**

Hampden State School uses the <u>Australian Student Wellbeing Framework</u> to promote positive relationships and the wellbeing of all students, staff and visitors at the school.

Our staff know student learning is optimised when they feel connected to others and experience safe and trusting relationships. Students who feel secure are more likely to be active participants in their learning and to achieve better physical, emotional, social and educational outcomes. Teachers who feel valued and supported are more likely to engage positively with students and build stronger connections within the school community. Parents who are positively engaged with their child's education leads to improved student self-esteem, attendance and behaviour at school. Enhancing the wellbeing of students and their educators delivers overall long-term social, health and economic benefits to the Australian community.

#### Bullying

The agreed national definition for Australian schools describes bullying as

- ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm;
- involving an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening:
- happening in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records);
- having immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

# **Behaviours That Do Not Constitute Bullying Include:**

- mutual arguments and disagreements (where there is no power imbalance)
- not liking someone or a single act of social rejection
- one-off acts of meanness or spite
- isolated incidents of aggression, intimidation or violence.

However, these conflicts are still considered serious and need to be addressed and resolved. At Hampden State School our staff will work to quickly respond to any matters raised of this nature in collaboration with students and parents.

The following flowchart explains the actions Hampden State School teachers will take when they receive a report about student bullying, including bullying which may have occurred online or outside of the school setting. Please note that the indicative timeframes will vary depending on the professional judgment of teachers who receive the bullying complaint and their assessment of immediate risk to student/s.

# Hampden State School - Bullying Response Flowchart for Teachers

Please note these timelines may be adjusted depending on the unique circumstances and risk associated with each situation. This is at the professional judgment of the staff involved. Timeframes should be clearly discussed and agreed with student and family.

#### Key contacts for students and parents to report bullying:

Prep to Year 6 - Class teacher

Principal - Judy Vidulich 07 4966 0666

Step One

Step Two

Document

- Provide a safe, quiet space to talk
- Reassure the student that you will listen to them
- Let them share their experience and feelings without interruption
- If you hold immediate concerns for the student's safety, let the student know how you will
  address these. Immediate in this circumstance is where the staff member believes the
  student is likely to experience harm (from others or self) within the next 24 hours
- Ask the student for examples they have of the alleged bullying (e.g. hand written notes or screenshots)
- Write a record of your communication with the student
- Check back with the student to ensure you have the facts correct
- Enter the record in OneSchool
- Notify parent/s that the issue of concern is being investigated

Step Three Collect

Step Four

**Discuss** 

- Gather additional information from other students, staff or family
- · Review any previous reports or records for students involved
- Make sure you can answer who, what, where, when and how
- Clarify information with student and check on their wellbeing
- Evaluate the information to determine if bullying has occurred or if another disciplinary matter is at issue
- Make a time to meet with the student to discuss next steps
- · Ask the student what they believe will help address the situation
- Engage the student as part of the solution
- Provide the student and parent with information about student support network
- Agree to a plan of action and timeline for the student, parent and yourself

Step Five Implement

- Document the plan of action in OneSchool
- Complete all actions agreed with student and parent within agreed timeframes
- Monitor student and check in regularly on their wellbeing
- Seek assistance from student support network if needed

Step Six Review

- Meet with the student to review situation
- · Discuss what has changed, improved or worsened
- Explore other options for strengthening student wellbeing or safety
- Report back to parent
- · Record outcomes in OneSchool

Step Seven Follow up

- Continue to check in with student on regular basis until concerns have been mitigated
- Record notes of follow-up meetings in OneSchool
- Refer matter to specialist staff within 48 hours if problems escalate
- Look for opportunities to improve school wellbeing for all students

# **Appropriate Use of Social Media**

The internet, mobile phones and social media provide wonderful opportunities for students to network and socialise online. While these technologies provide positive platforms for sharing ideas, they also have the potential to cause pain and suffering to individuals, groups or even whole communities.

It's important to remember that sometimes negative comments posted about the school community have a greater impact than expected. This guide offers some information about how to use social media in relation to comments or posts about the school community. Reputations of students, teachers, schools, principals and even parents can be permanently damaged — and in some cases, serious instances of inappropriate online behaviour are dealt with by police and the court system.

Being aware of a few simple strategies can help keep the use of social media positive and constructive:

- Before you post something online, ask yourself if the community or individual really needs to know. Is it relevant, positive and helpful?
- Remember that what you post online is a direct reflection of who you are.
   People will potentially form lasting opinions of you based on what you post online.
- Be a good role model. If things get heated online consider logging out and taking a few moments to relax and think. Hasty, emotive responses could inflame situations unnecessarily.
- Be mindful when commenting, try to keep general and avoid posting anything that could identify individuals.
- A few years ago parents may have discussed concerns or issues with their friends at the school gate. Today with the use of social media, online discussions between you and your close friends can very quickly be shared with a much wider audience, potentially far larger than intended. Taking a few moments to think about the content you are about to post could save upset, embarrassment, and possible legal action.
- As a parent you have a role in supervising and regulating your child's online
  activities at home and its impact on the reputation and privacy of others.
  Parents are their child's first teachers so they will learn online behaviours
  from you.

#### Is it appropriate to comment or post about schools, staff or students?

Parental and community feedback is important for schools and the department. If you have a compliment, complaint or enquiry about an issue at school, the best approach is to speak directly to the school about the matter, rather than discussing it in a public forum.

While many schools use social media to update parents of school notices, the department prefers that parents contact schools directly with a compliment, complaint or enquiry due to privacy considerations. Imagine if your doctor, accountant or banking institution tried to contact you to discuss important matters via Facebook.

If you have raised an issue with a school or know that another person has, consider refraining from discussing those details on social media, particularly the names of anyone involved.

Keep comments calm and polite, just as you would over the telephone or by email. If you encounter negative or derogatory content online which involves the school, hinders a child's learning and/or affects the school community at large, contact the school principal.

#### **Possible Civil or Criminal Ramifications of Online Commentary**

A serious instance of inappropriate online behaviour may constitute a criminal offence and become a police matter. For example, online content may substantiate the offence of 'using a carriage service to menace, harass or cause offence' (Criminal Code Act 1995 (Cth) s. 474.17). School staff may contact their union or obtain personal legal advice if they feel that online content seriously impacts their reputation. Defamatory online content may give rise to litigation under the Defamation Act 2005 (Qld).

#### What about other people's privacy?

If you upload photos of your children, be mindful of who might be in the background. You might be happy to share your child's successes with your friends and family via social media, but some parents are not. If you are tagging or naming students, consider that other parents may not want their child's name attached to images online.

#### What if I encounter problem content?

Taking the following steps may help resolve the issue in a constructive way:

- refrain from responding
- take a screen capture or print a copy of the concerning online content
- if you consider problem content to be explicit, pornographic or exploitative of minors, you should keep a record of the URL of the page containing that content but NOT print or share it. The URL can be provided to the school principal, or police, as needed for escalation of serious concerns
- block the offending user
- report the content to the social media provider.

# Cyberbullying

Cyberbullying is treated at Hampden State School with the same level of seriousness as in-person bullying. The major difference with cyberbullying however, is that unlike in-person bulling, cyberbullying follows students into their community, their homes and their bedrooms, giving them no opportunity to escape the harassment or abuse during the evening, weekends or holidays.

In the first instance, students or parents who wish to make a report about cyberbullying should approach their child's class teacher or principal of Hampden State School.

It is important for students, parents and staff to know that state school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds. This includes cyberbullying. Parents and students who have concerns about cyberbullying incidents occurring during school holidays should immediately seek assistance through the Office of the e-Safety Commissioner or the Queensland Police Service.

Students enrolled at Hampden State School may face in-school disciplinary action, such as detention or removing of privileges, or more serious consequences such as suspension or exclusion from school for engaging in behaviour that adversely affects, or is likely to adversely affect, other students or the good order and management of the school. This includes behaviour such as cyberbullying which occurs outside of school hours or settings, for example on the weekend or during school holidays. It also applies to inappropriate online behaviour of enrolled students that is directed towards other community members or students from other school sites.

Parents or other stakeholders who engage in inappropriate online behaviour towards students, staff or other parents may be referred to the Office of the e-Safety Commissioner and/or the Queensland Police Service. State school staff will be referred for investigation to the Integrity and Employee Relations team in the Department of Education. Any questions or concerns about the school process for managing or responding to cyberbullying should be directed to the principal of Hampden State School.

#### **Cyber Safety and Reputation Management (CRM)**

The Department of Education employs a dedicated team of experts to assist in maintaining the integrity of the department's reputation with regards to cyber safety and reputation management issues, effectively leading the development and implementation of departmental cyber safety processes.

This team provides **direct support for schools** to respond to concerns of inappropriate online behaviour and misuse of information and communication technology.

The team provides a guide for parents with important information about cyber safety and cyberbullying, and suggestions about what you can do if your child is a target or responsible for inappropriate online behaviour.

The team has also developed a <u>Cyberbullying and reputation management</u> (Department employees only) resource to assist principals in incident management.

For more information about cyber safety sessions at your school, or for assistance with issues relating to online behaviour, contact the <u>team</u> (Department employees only).

# Hampden State School - Cyberbullying Response Flowchart for School Staff

#### How to manage online incidents that impact your school

#### Student protection

If at any point the principal forms a reasonable suspicion that a student has been harmed or is at risk of harm, they have a responsibility to respond in accordance with the Student protection procedure.

#### **Explicit images**

If the investigation involves naked or explicit images of children, staff should not save, copy, forward or otherwise deal with the content, as per the Temporary removal of student property by school staff procedure. This includes onto OneSchool records. Refer to the investigative process outlined in 'Responding to incidents involving naked or explicit images of children' from the Online Incident management guidelines.

#### Report

Refer to the Online incident management guidelines for more details, or if assistance is required, contact the Cybersafety and Reputation Management (CSRM)team on 3034 5035 or Cybersafety, ReputationManagement@qed.qld.gov.au.

#### Does the online behaviour/incident negatively impact the good order and management of the school?

YES OR NO

#### 1. Initiate an incident response

Start an incident management log (running sheet) which records times and dates of events, observations, tasks completed, persons involved and written conversational notes.

#### 2. Collect evidence

Gather and preserve any evidence of the online content or a potential unlawful online behaviour, where legally permissible. Confiscation of digital devices can only be done under the Temporary removal of student property by school staff procedure.

#### 3. Is there a potential crime?

The Queensland Criminal Code contains several applicable sections for cyberbullying. A list of potential relevant criminal offences can be viewed at Appendix 3, and include:

- · unlawful stalking
- computer hacking and misuse
- possession, distribution and making child exploitation material
- fraud obtaining or dealing with identification information
- criminal defamation.

Inform the student's parent/s (and student if appropriate) of their options:

- Report the incident to an external agency such as police, Office of the eSafety Commissioner or the Australian Cybercrime Online Reporting Network.
- Report the online content/behaviour using the online tools provided by the website or app.

Principals may start contact with a law enforcement agency (LEA) by completing an LEA referral form, under the <u>Disclosing personal information to law enforcement agencies</u> procedure. Refer back to Step 3 to report potential crimes that do not negatively impact the good order of the school.

Principals may start contact with a law enforcement agency (LEA) by completing an LEA referral form. Information can be shared when reasonably satisfied the disclosure is necessary for the prevention, detection, investigation, prosecution or punishment of a criminal offence or to assist in averting a serious risk to the life, health or safety of a person or where the disclosure is in the public interest. For access to the relevant forms, refer to Disclosing personal information to law enforcement agencies procedure.

Principals may continue to investigate the matter for disciplinary purposes, subject to all laws and department procedures.

Content may not constitute a criminal offence requiring police involvement but it may negatively impact the good order and management of the school. Principals can take action for the online behaviour as outlined below.

#### 4. Take steps to remove the upsetting or inappropriate content

Request poster to remove, use online reporting tools or if assistance is required, contact the CSRM team or Office of eSafety Commissioner.

#### 5. Managing student behaviour

Where the online behaviours of students do negatively impact the good order and management of the school, the principal must take appropriate follow-up action. Where appropriate:

- take statutory disciplinary action to address cyberbullying:
  - that occurs outside of school hours or school grounds that also negatively affects
    the good order and management of the school (e.g. where the conduct, threats,
    intimidation or abuse have created, or would likely create a risk of, substantial
    disruption within the school environment, or where the conduct, threats,
    intimidation or abuse has or might reach school premises);
  - that is undertaken on or originating from school premises during school hours, or by means of use of school ICT, concerning other students, staff or members of the school community;
- use non-statutory options to deal with the matter, for example:
  - discussion with student's parents;
  - student mediation;
  - apology;
  - ICT / mobile technology ban;
  - guidance referral.

#### 6. Student welfare

Principals must consider and support the wellbeing of any student who is displaying apparent negative effects from cyberbullying, by means of offering the student guidance officer support.

#### 7. Recording the incident on OneSchool

If the incident was resolved at school-level, record details of the incident, as reported to the school and investigated through the incident management process, in the student's OneSchool behaviour record.

#### Restrictive Practices

School staff at Hampden State School need to respond to student behaviour that presents a risk of physical harm to the student themselves or others. It is anticipated that most instances of risky behaviour can be de-escalated and resolved quickly. On some rarer occasions, a student's behaviour may continue to escalate and staff need to engage immediately with positive and proactive strategies aimed at supporting the student to manage their emotional arousal and behaviour.

In some very rare situations, where there is immediate risk of physical harm to the student or other people, and when all other alternative strategies have failed to reduce the risk, it may be necessary for staff to use restrictive practices.

The use of restrictive practices will always be as a last resort, when there is no other available option for reducing immediate risk to the student, staff or other people. Restrictive practices are not used for punishment or as a disciplinary measure.

The department's **Restrictive Practices Procedure** is written with consideration for the protection of everyone's human rights, health, safety and welfare. There are six fundamental principles:

- 1. Regard to the human rights of those students
- 2. Safeguards students, staff and others from harm
- 3. Ensures transparency and accountability
- 4. Places importance on communication and consultation with parents and carers
- 5. Maximises the opportunity for positive outcomes, and
- 6. Aims to reduce or eliminate the use of restrictive practices.

Very rarely restrictive practices will be planned and staff will employ, when necessary, pre-arranged strategies and methods (of physical restraint/ mechanical restraint/ clinical holding) which are based upon behaviour risk assessment or clinical health need and are recorded in advance. The use of planned strategies will only be where there is foreseeable immediate risk consistent with the **Restrictive Practices Procedure**.

Seclusion will not be used as a planned response and will only be used in serious circumstances for managing an unforeseeable situation in an emergency. It will be used for the shortest time possible and in a safe area that presents no additional foreseeable risk to the student. In such emergencies, a staff member will observe the student at all times and seclusion will cease as soon as possible.

Following the use of any restrictive practice, a focused review will help staff to understand how they responded to the risk in any incident that involved the use of a restrictive practice. Staff will consider whether there are other options for managing a similar situation in the future. This strategy works well for reducing the use of restrictive practices.

All incidents of restrictive practices will be recorded and reported in line with departmental procedures.

#### **Critical Incidents**

It is important that all school staff have a consistent understanding of how to respond in emergencies involving student behaviour that seriously endangers the student or others. This consistency ensures that appropriate actions are taken to ensure that both students and staff are kept safe.

A critical incident is defined as an occurrence that is sudden, urgent, and usually unexpected, or an occasion requiring immediate action (e.g. in the community, on the road). The aim in these situations is to bring the behaviour of the student under rapid and safe control. It is not a time to punish or discipline the student; it is a crisis management period only.

Staff should follow the documented plan for any student involved in regular critical incidents, which should be saved and available for staff to review in OneSchool.

For unexpected critical incidents, staff should use basic defusing techniques:

- 1. Avoid escalating the problem behaviour: Avoid shouting, cornering the student, moving into the student's space, touching or grabbing the student, sudden responses, sarcasm, becoming defensive, communicating anger and frustration through body language.
- 2. Maintain calmness, respect and detachment: Model the behaviour you want students to adopt, stay calm and controlled, use a serious measured tone, choose your language carefully, avoid humiliating the student, be matter of fact and avoid responding emotionally.
- 3. Approach the student in a non-threatening manner: Move slowly and deliberately toward the problem situation, speak privately to the student/s where possible, speak calmly and respectfully, minimise body language, keep a reasonable distance, establish eye level position, be brief, stay with the agenda, acknowledge cooperation, withdraw if the situation escalates.
- 4. Follow through: If the student starts displaying the appropriate behaviour briefly acknowledge their choice and re-direct other students' attention towards their usual work/activity. If the student continues with the problem behaviour, then remind them of the expected school behaviour and identify consequences of continued unacceptable behaviour.
- 5. Debrief: At an appropriate time when there is low risk of re-escalation, help the student to identify the sequence of events that led to the unacceptable behaviour, pinpoint decision moments during the sequence of events, evaluate decisions made, and identify acceptable decision options for future situations.

#### Related Procedures and Guidelines

These are related procedures or guidelines which school staff use to inform decisions and actions around matters associated with students wellbeing, behaviour and learning.

- Cancellation of enrolment
- Complex case management
- Customer complaints management policy and procedure
- Disclosing personal information to law enforcement agencies
- Enrolment in state primary, secondary and special schools
- Hostile people on school premises, wilful disturbance and trespass
- Inclusive education
- Police and Child Safety Officer interviews and searches with students
- Restrictive practices
- Refusal to enrol Risk to safety or wellbeing
- Student discipline
- Student dress code
- Student protection
- Supporting students' mental health and wellbeing
- Temporary removal of student property by school staff
- Use of ICT systems
- Using mobile devices

#### Conclusion

Hampden State School staff are committed to ensuring every student is supported to feel safe, welcome and valued in our school. There may, however, be occasions where parents need to raise a concern or make a complaint about an issue you feel is adversely affecting their child's education.

All Queensland state schools are committed to ensuring that all complaints - whether they relate to a school staff member or a school's operations - are dealt with in a fair and equitable manner. As a parent or carer, you can express dissatisfaction with the service or action of the Department of Education or its staff, including decisions made or actions taken in a school and/or by the local regional office.

As a complainant, it is your responsibility to:

- give us a clear idea of the issue or concern and your desired solution
- provide all the relevant information when making the complaint
- understand that addressing a complaint can take time
- co-operate respectfully and understand that unreasonable, abusive, or disrespectful conduct will not be tolerated
- let us know if something changes, including if help is no longer needed.

# The Department of Education may not proceed with your complaint if your conduct is unreasonable.

In most instances, staff members are told of complaints made about them and offered the right of reply. A complainant also has the right to have a support person throughout the process.

The following three-step approach assists parents and school staff in reaching an outcome that is in the best interests of the student:

1. Early resolution: discuss your complaint with the school The best place to raise any concerns is at the point where the problem or issue arose. You can make an appointment at the school to discuss your complaint with your child's teacher or the principal. You are also welcome to lodge your complaint in writing or over the phone. You can also make a complaint through QGov. Complaints may be lodged by telephone, writing or in electronic format. Email

#### 2. Internal review: contact the local Regional Office

addresses can be accessed through the schools directory.

If, after taking the early resolution step, you are dissatisfied with the outcome of your complaint or how the complaint was handled, you can ask the local regional office to conduct a review. You need to submit a Request for internal review form within 28 days of receiving the complaint outcome.

#### 3. External review: contact a review authority

If you are dissatisfied after the internal review, you may wish to contact a review authority, such as the Queensland Ombudsman, and request an independent, external review. More information about external review options is available at <a href="https://www.ombudsman.gld.gov.au">www.ombudsman.gld.gov.au</a>.

Some matters need to be handled in a different way to school matters and will be referred to other areas in the department. These include:

- issues about harm, or risk of harm, to a student attending a state school, which must be managed in accordance with the <u>Student protection procedure.</u>
- complaints about corrupt conduct, public interest disclosures; or certain decisions made under legislation, which will be dealt with as outlined in the <u>Excluded</u> complaints factsheet.
